## INTRODUCTORY

IN presenting this Sale Catalog to the public, we feel that we herein catalog the best lot of cattle that we have ever offered. Many of them are young and in medium condition but they have the true outline, the character and the quality that have made cattle of our breeding masters in the show ring and favorites with the breeder. We do not hesitate to say that we have put more bulls at the head of the best herds and State Agricultural College herds, than any other breeders.

It is also interesting to note that the different State Institutions that have been handling our cattle have never had a failure with the Tuberculin test.

We have sold over 100 head of cattle in the last 18 months to be tested six weeks after arrival, and every one has passed successfully. We feel that we can say to our friends and patrons that the Tuberculin test is absolutely reliable when used with skill and we will not hesitate to guarantee any animal we are selling, providing it shall go into a herd that is free from the disease, to be officially tested six weeks after arrival.

Our aim has been to breed cattle for beef, milk and early maturity, and we have found that these qualities go hand in hand; without one we cannot get the other with profit, and without exception our winning calves have been from our best milking dams.

Our aggregate winnings in prizes in the great shows of the last seven years were much larger than those of any other exhibitor and our herd now numbers about 250 registered cattle.

Our Dairy cows won first at the American Royal and second and third at the International of 1908, and third on cow and first and third on heifers at the International of 1909, and second on cow and first on heifer in 1910, third on heifer in 1911, 4th on cow and 1st on heifer in 1912, and 5th on cow in 1913.

We extend a cordial invitation to all interested in good cattle to attend this sale and feel sure that those who come will not be disappointed.

**GUARANTEE**—All animals of breeding age are bred and those having passed over six weeks are guaranteed breeders. No unsound animals will be sold.

Certified certificate of pedigree will be furnished with each lot sold.

All stock will be loaded free and with care but will be at buyer's risk as soon as bid off.

Terms cash or a credit of six months at six per cent. on bankable paper.

Very respectfully,

CARPENTER & ROSS.

AVONDALE 245144

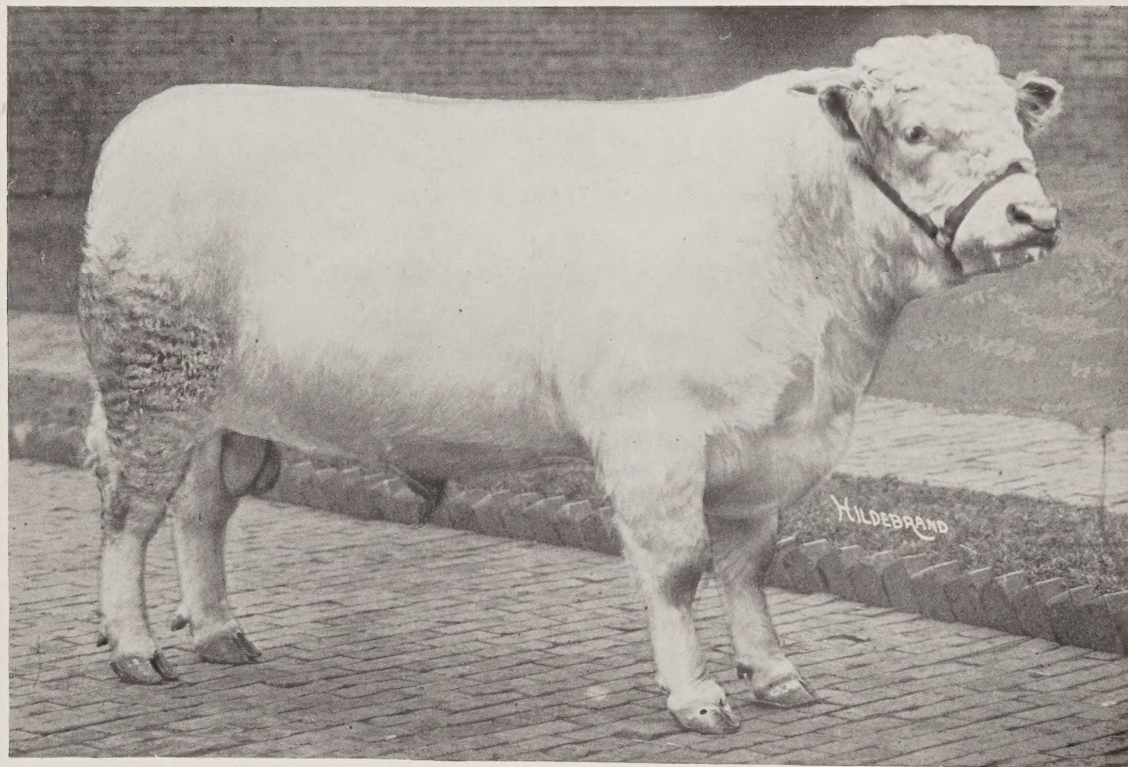

## AVONDALE 245144

Avondale 245144, was of the Bruce Averne family. His dam was an undefeated show heifer in the hands of C. H. Jolleff, Stratford on Avon, England. He was sired by Whitehall Sultan that did so much to revolutionize the breed in America.

Avondale commenced his show record as a calf winning as high as Grand Champion at some of the State Fairs. He made the show circuit for six years and met and defeated all the great bulls of his time and although he never had been conditioned, especially for the Show-ring, he made a record unequalled in the history of the breed. His get came in evidence in the Shows as calves in 1908. The calf herd sired by him was undefeated at all the leading fairs that year and were only defeated in the Get of Sire class by the get of his sire, Whitehall Sultan, and since then his get have reigned supreme in all the leading shows of North America.

The extra illustrations in this catalog are only a few of the noted winners he has sired. He was also a sire of great milkers; heifers sired by him have won first three times in the Dairy Class at the International, besides several seconds and thirds. His dam was also an exceptionally good milker, having produced 43 pounds per day when a heifer. His sons are also making good as sires, the get of Double Dale having stood next the get of Avondale twice at the International.

MAXWALTON RENOWN

### MAXWALTON RENOWN 367543

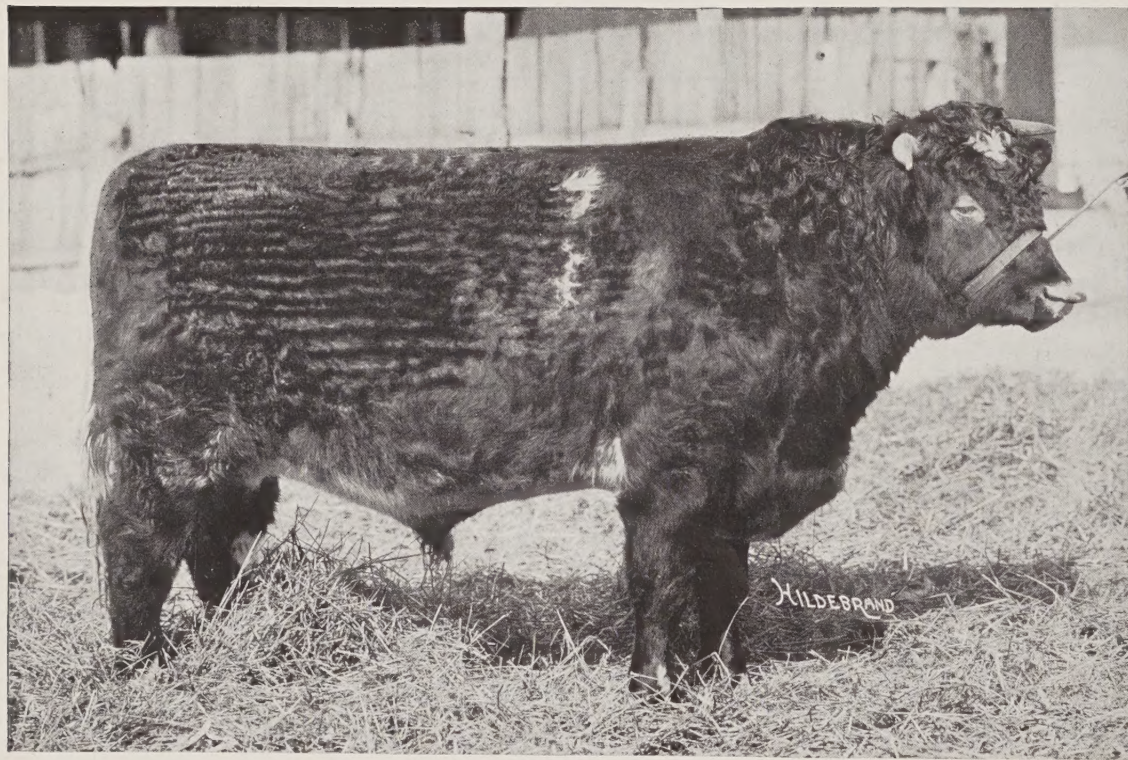

Maxwalton Renown 367543 is being used to follow Avondale, which makes it necessary to sell these half sisters to him. He is sired by Avondale and from the Willis bred cow Lavender Bloom, she by the noted Bruce bred bull Silver Plate, of the Rosewood family, that did so much winning in England.

Maxwalton Renown was shown as a calf at the Ohio, Indiana, Kentucky, Tennessee and Illinois state fairs, and Chicago and Denver and never met defeat and has completed a similar circuit of shows as a yearling and has always been first and often Champion.

He is of the low, thick sort with a capital covering of flesh. His dam was also a very good milker and is still in the herd in her fourteenth year.

His calves are very uniform and good enough that we have no hesitation in saying that we intend that he shall duplicate the record of his sire, and say to our friends that the place of Avondale is amply filled.

LORD AVONDALE is a beautiful roan of nice character. Some consider him the best bull in the offering. He is brother to "Curley Dale", at the head of the herd of N. H. Gentry, Sedalia, Mo., "Master of the Dales" at the head of the herd of T. M. Forbes & Son, Henry, Ill., and "Curley Dale 2d" at the head of the herd of Evans & Son, Woodstock, Ohio. These have developed to be three great bulls, but Lord Avondale we consider their superior as an individual, which will be seen on sale day.

See Avondale elsewhere.

GODWIN 115676, bred by Col. Harris, Linwood, Kan.; sire Imp. Spartan Hero; dam, Imp. Golden Thistle by Roan Gauntlet 35284; Golden Lady by Champion of England. Godwin is one of the best Scotch bred bulls living.

NONPAREIL VICTOR 132573, a richly bred Nonpareil, sired by Dean Willis, well known Cruickshank Victoria prize winner, Count Victor (66877); dam Nonpareil Bloom by Commodore, bred by A. Cruickshank. One of the best sires ever used at Sittyton. Nonpareil Victor is sire of H. Cargill & Son's \$1,450 bull.

SITTYTON SEAL (64866) won first at the Ireland Society show. He is a Cruickshank Secret, sired by the Brawith Bud bull Roan Robin (57992); dam Sobriety by Roan Gauntlet 45276.

MAXWALTON JUPITER is a beautiful dark roan of splendid character. He is very thick and mossy coated. He is brother to Maxwalton Dale, sold to H. G. Ellison, Montevado, Minn. for \$1800.00, also to Star of Avondale at the head of the N. Dakota state herd, and to Maxwalton Javelin at the head of the herd of Ballard Nelson, Arcadia, Ohio. We consider this one of the very best of the 1913 crop.

See notes on Avondale elsewhere in this catalog.

COUNT ARTHUR (70194) is one of the Cruickshank Victorias, bred by J. D. Willis, by the famous Count Lavender 60545, out of Victoria 85th by Gondolier 52956. He was the choice of his year at Bapton Manor.

STAR OF MORNING 58189 is without exception the greatest show and breeding bull Scotland ever produced. He was three times champion at the Highland and sired the two champions of the breed, Pride of Morning and Star of Dawn, besides many other famous animals, such as Bowan Stella. He was bred by Wm. Duthie, got by Rising Star 54920, out of Baroness 6th by Field Marshall 47870.

WILKINS MICAWBER 56768 bred by J. Thompson, got by Verdant 53779, out of Wanton 19th, by Grey Friar 46466. This is a beautiful heifer and if she keeps improving as she has of late she bids fair to make one of the best we have ever bred and it is only too many of her kind that compels us to part with her.

JEANIE was an unbeaten yearling in England in the hands of C. H. Jolliffe. She is a very large cow of the thick fleshed and mossy coated sort.

KING AVONDALE, a bull of wonderful thickness. Although very short of age, he was well up at the International in his class. His dam is one of the best individuals in our herd and the breeding can not be excelled.

See notes on Avondale elsewhere in this catalog.

IMP. COUNT AMARANTH 144608, got by Count Arthur (70194), out of Sittyton Amaranth by Master of the Realm 140611.

WAVERLY 136405, got by Bendigo 106460, out of Witch of Erin by Charlemagne 136389. Waverly was conceded to be the greatest bull of his time in Scotland, and it is generally considered in Scotland that the Waverly cross adds a great deal to any pedigree.

LAKE PARK AUGUSTA 2ND was added to our herd at a cost of \$1,260. Her first calf was sold to Hon. H. F. Brown of Minneapolis, Minn. He has proved to be a sensational bull and Mr. Brown has refused several offers for him, as high as \$5,000. We regard Waverly Dale as his superior at the same age, having more stretch and width, and a beautiful head. His dam is the best brood cow in our herd and we feel that Waverly Dale ranks as high as any bull we know of as a prospective sire and we have used him on a few of our best cows and feel confident of results.

MAXWALTON ROSEWOOD 3D is a very attractive heifer. She is full sister to the dam of Double Dale, that has been doing so much good work for Owen Kane of Nebraska. Her dam was purchased 9 years ago with heifer calf at foot and from the two we have sold \$12,900 worth of calves and have four females and one bull left. We predict this to be the most valuable short horn heifer sold this year. The Rosewood family is very highly esteemed in Scotland. They and the Augustas are very much sought after there and always outsell all others of equal merit.

See notes to Avondale elsewhere in this catalog.

THE PRIDE OF DAY (79597) belongs to the Miss Ramsden family, which has produced some of the best cattle ever brought from Scotland. He is grandly bred, as he was got by Pride of Morning (64546) (the Highland Society Champion of Aberdeen, 1894, first in his class and winner of the Duke of York's medal for best Shorthorn in 1893; first Shorthorn Society's prize of 20 lbs. at Royal Northern) out of Scotland's Belle by the great Scottish Archer (59893).

WAVERLY (68072), after winning at Highland Society show at Aberdeen in 1894, was purchased to head the Inverquhomery herd, not only for his great merit, but because of his excellent breeding, for he was by Mr. Bruce's Bendigo, who was a son of Clear-the-Way (47604), out of Augusta 8th. The Augusta family has furnished more Smithfield winners than any other in Great Britain.

BANADULAE (56843) also belongs to the Inverquhomery Augusta family. He was got by Clear-the-Way (47604) sire of both 1st and 2nd prize steers at Smithfield 1891; also of the steer which won first and reserve for Breed Cup, same show, 1892. His dam was Augusta 7th by Privy Seal (50628).

MAXWALTON AUGUSTA 6TH is a show heifer of outstanding merit, and has the sweet feminine appearance that always goes with a good brood cow.

See notes to Avondale elsewhere in this catalog.

SCOTCH FAME (Imp.) 151799 belongs to the popular Scotch Lady Dorothy family which has produced many Highland Society prize winners. He was got by Scotch Thistle 73584, out of Lady Dorothy 20th, by Eastern Star 588.

WAVERLY 136405, roan, one of Scotland's famous prize winners that was owned by Mr. J. Bruce, Inverquhomery, Scotland. Sired by the Bruce-bred Augusta Bendigo 56935; dam, Witch of Erin by Charlemagne 136389, a grandson of Earl of March; Empress of Drumwindle by the Bruce-bred, His Majesty 124173, etc.

ROYAL ROBIN 135231, had for a sire the celebrated breeding bull Roan Robin 57992, bred by Mr. Cruickshank, dam Monogram 6th, by Hercules 54424, who was sired by Clear the Way 47604.

CLEAR-THE-WAY 95746, by Perfection 37185, dam Claret, by Grand Vizier 34086, was sire of both 1st and 2nd prize steers at the Smithfield Club Show, 1891, also of the steer which won first prize and reserve of the breed cup, same show, 1892. He stamped all his stock with wide chests and ribs and great constitutions, and attracted the attention of Southern English breeders to the wealth and thrift of the North Country Short-Horns.

See notes on Avondale elsewhere in this catalog.

IMP. COUNT AMARANTH 144608, got by Count Arthur (70194), out of Sittyton Amaranth by Master of the Realm 140611.

WAVERLY 136405, got by Bendigo 106460, out of Witch of Erin by Charlemagne 136389. Waverly was conceded to be the greatest bull of his time in Scotland, and it is generally considered in Scotland that the Waverly cross adds a great deal to any pedigree.

LAKE PARK AUGUSTA 2D was added to our herd at a cost of \$1260.00. Her first calf was sold to Hon. H. F. Brown of Minneapolis, Minn. He has proven to be a sensational bull and Mr. Brown has refused several offers for him, as high as \$5000.00. We regard Waverly Dale as his superior at the same age, having more stretch and width, and a beautiful head. His dam is the best brood cow in our herd and we feel that Waverly Dale ranks as high as any bull we know of as a prospective sire and we have used him on a few of our best cows and feel confident of results.

MAXWALTON MISSIE 3D is a nice dark roan, very straight and level; she is sister to Maxwellton Missie 2d, grand champion at Kansas City and the International, 1913.

THE MISSIE FAMILY, on account of having produced more high-classed Shorthorns during the past twenty years than any other, is conceded by many to be the most valuable family in existence. The family was practicably built up by the Messrs. Marr, Senior and Junior, they having purchased the cow Countess by Pacha (7612) from Capt. Barclay about the year 1850. Eighteen members of the family, old and young, sold at the dispersion of the Uppermill herd for an average of \$830 each.

This is conceded to be one of the richest pedigrees in the herd books and this is a good representative; she was a winner at a number of the shows and will be a valuable addition to any herd.

The sires in this pedigree are too well known to need any comment from Avondale 245144 to Abbott 2899 each of the bulls was the most popular of his time and headed the best herds in existence.

MAXWALTON DOROTHY is one of the best young cows to go in a sale this year. She was a noted winner as a calf yearling and two-year-old and done much winning in the herd of J. H. Mellick, Edmonton, Alberta, as a cow. She has a beautiful red bull calf at foot by the show bull Pride of Albion that stood first in his class at the International 1911. She is also dam of Cloverleaf Dorothy, sold as a calf by Rosenberger & Edwards to J. H. Mellick for \$1100.

See notes on Avondale elsewhere.

LUXURY (74958) bred by J. Bruce and from his noted Rosewood family. His sire was Waverly (68072), one of the great sires in the Bruce herd, and his dam was Rosewood 57th by Royal Robin (63290).

GLORY (74618) by the grandly bred Missie bull Masterpiece (61295) dam Lady Lincoln 5th by Belted Knight (56933) (an Inverquhomery Augusta, which family furnished more Smithfield winners than any other in Great Britain) sire Clear-the-Way (47604) sire of both 1st and 2nd prize steers at Smithfield 1891, also of steer which won 1st and reserve for Breed Cup, same show 1892.

SITTYTON SCARLET (58163) bred by Mr. Cruickshank and used by W. S. Marr, no better certificate of character could easily be given, but the breeding corroborates it. His sire was Cumberland (46144) and his dam was Amaranth by Barmpton 37763. Sittyton Scarlet (58163) was a good bull and a good sire.

MAXWALTON FOXGLOVE 2D was in on show herd and won at many of the leading fairs including Toronto.

The Foxglove family has proven unusually prolific and valuable; they are deep milkers and great breeders, producing calves every year; easy keepers and alright in every way. Some of the most noted bulls of the breed appear in this pedigree; that the family is held in high esteem by breeders is evidenced by the way its representatives sell.

See notes on Avondale elsewhere in this catalog.

## THE COLLIE DOG

What is more useful on a farm than a good dog? This question can only be answered by one who has a good Collie and knows how to take care of him. My experience in the dog business has been very satisfactory. I started in a small way but with the best blood available. For some time I could not satisfy myself that my stud dog was up to the standard or as intelligent as he ought to be.

During my visit of 1907 to Scotland, I purchased the best dog in that country; he had been shown at five K. C. shows and was never beaten, getting the winner's cup every time shown, making him the Champion of Britian. Nashville, Tenn., was the only show he made in America and got the winners cup for the best dog in the show. I had the misfortune to lose him but not until I had a nice lot of pups by him, and one of them, The Kullint, now my chief stud dog, is the handsomest dog I ever saw when in full bloom.

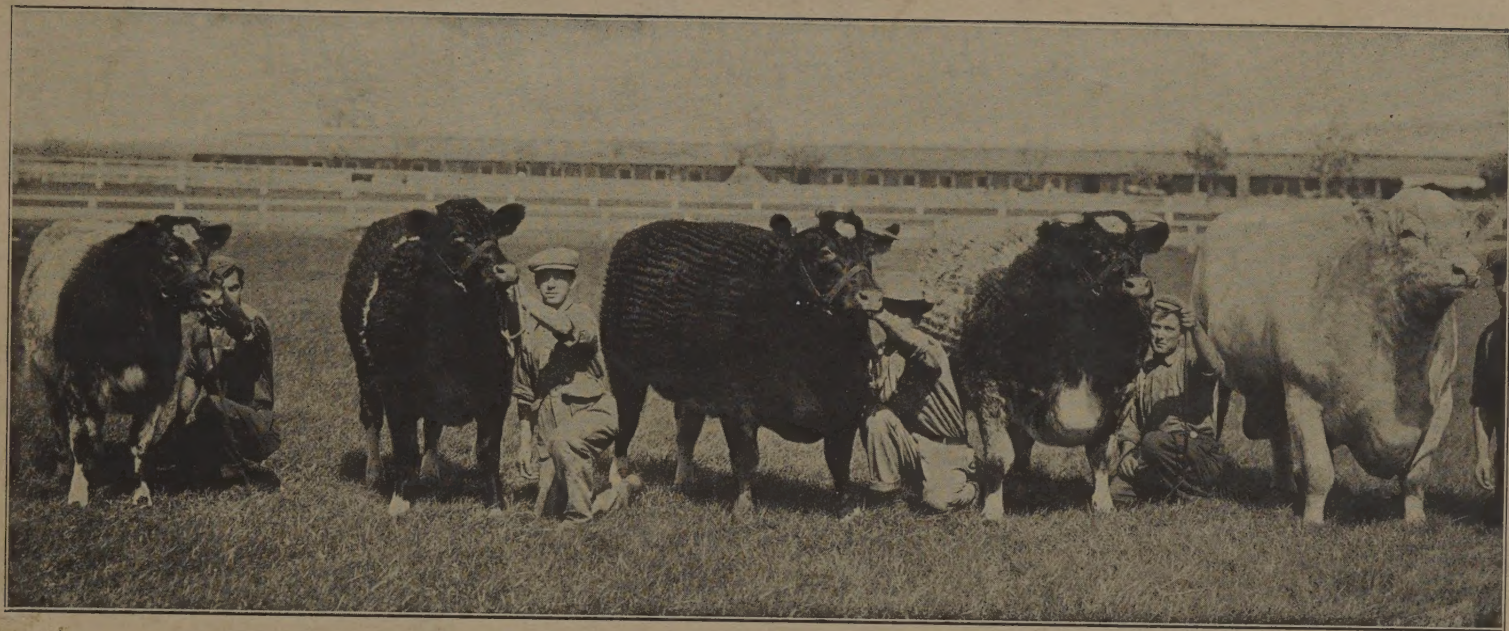

It is an old saying that like begets like. This applies to intelligence as well as appearance and puppies from well trained parents are far more likely to give satisfaction than a kennel bred dog whose parents have never had their intelligence cultivated.

I have often heard it said that a dog can do anything but talk, but I have often seen a Collie talk to his master in several ways; and the Collie is the only dog that can laugh and it has been said that he is no true Collie if he cannot laugh. Of the many Collies I have put out in the last few years, I have never sold one for less than \$10.00, and I consider that a dog that is not worth \$10.00 is not worth having. I had the tempting offer of \$1000.00 for Monkland Hero, and although I had the misfortune to lose him, I feel that I made no mistake in keeping him as his son, the Kullint, is even more valuable than he. Look at the dog illustrations and ask yourself if you would like to have a Collie instead of your cur dog.

Very truly,

P. G. ROSS.
